

Measuring wheel surveyors

Rapid and accurate measurement by one person of any distance along straight or curved lines. Folds away with robust storage/carrying bag.

Code 21001

4 hrs	£7.50
1 day	£12.00
2 days	£15.00
3 days	£19.00
4 - 7 days	£21.00

Cable & pipe locators

These locating tools - Cat and Genny - can be used in conjunction with each other to detect underground power cables and utility lines prior to excavations taking place.

Code	Type	4 hrs	1 day	2 days	3 days	4 - 7 days
21002	Cable Avoidance Tool	£17.50	£29.00	£36.50	£47.00	£52.00
21003	Signal Generator	£17.00	£28.00	£35.50	£45.50	£50.50

Cavity wall inspection kit (endoscope)

This endoscope is the perfect tool for inspecting cavity walls for damaged wall ties, or heating and ventilation ducts. You will only need to drill a 13mm hole to gain access for inspection and is independent of mains power.

Code 21004

4 hrs	£23.50
1 day	£38.50
2 days	£49.00
3 days	£63.00
4 - 7 days	£70.00

Automatic site level

Code 21005

4 hrs	£20.50
1 day	£34.00
2 days	£43.00
3 days	£55.00
4 - 7 days	£61.00

General-purpose site level with a high degree of accuracy, easy to use, ideal for blockwork, drainage work and other site levelling work. Comes complete with staff and tripod.

Laser site level

Code 21006

4 hrs	£33.00
1 day	£54.50
2 days	£69.00
3 days	£89.00
4 - 7 days	£98.50

High quality modern solution to on site levelling, provides accurate measurements on vertical and horizontal planes. Uses a rotating infrared beam and is tripod mounted with a hand held or grade rod mounted receiver.

Damp/moisture meter

Electronically determines and traces levels of dampness. Easy to read numbered scale with colour coded zones.

Code 21007

4 hrs	£4.50
1 day	£7.50
2 days	£9.50
3 days	£12.00
4 - 7 days	£13.00

Noise meter

This meter can be used in warehouses, factories, on site or any other application where plant and machinery noise levels may risk noise-induced deafness.

Code 21008

4 hrs	£16.00
1 day	£26.50
2 days	£33.50
3 days	£43.00
4 - 7 days	£47.50

Cowley level

The Cowley level requires no complex setting-up accuracy. It is greater than unreliable bubble levels and there is no need to level the tripod or fiddle with focussing.

Code 21012

4 hrs	£12.00
1 day	£20.00
2 days	£25.50
3 days	£32.50
4 - 7 days	£36.00

Metal detector

If you're trying to locate buried or lost metal objects this modern, simple to use metal detector is perfect. It has an audio detection warning device and can detect up to 1 metre in depth.

Code 21009

4 hrs	£10.50
1 day	£17.00
2 days	£21.50
3 days	£27.50
4 - 7 days	£30.50

Water level

Based on the principle that water finds its own level. Ideal for blind room-to-room levelling, suspended ceilings, fitted units, drainage or blockwork.

Code 21011

4 hrs	£4.50
1 day	£7.50
2 days	£9.50
3 days	£12.00
4 - 7 days	£13.00

Metal locator

Hand held metal detector lets you find power cables and wall ties in floors and ceilings.

Code 21010

4 hrs	£7.50
1 day	£12.00
2 days	£15.00
3 days	£19.00
4 - 7 days	£21.00
